

Corporate Response to Terrorism Workshop

Introduction

This one-day workshop provides delegates with the knowledge necessary to create the physical resilience required to mitigate and survive a terrorist bomb incident.

Who should attend

Aimed at anybody within a business who is responsible for the formulation or management of the business response to terrorism

Course Content

- Overview of the Corporate Responsibility
- Terrorism Risk Analysis and Conducting a Vulnerability Assessment
- Intelligence Sources and Threat Assessment
- Terrorist Groups Worldwide and the Al-Qaeda Phenomenon
- Terrorist Tactics and Trends
- Staff Awareness and Training
- Creating Protective Measures
- Alert States and Measures
- Detection Technologies
- Reacting to an Incident
- Insurance
- Creating Physical and Operational Resilience

Course Outcome

Successful completion of this workshop will enable delegates to:

- Explain the rationale behind the increased shift towards terrorists' targeting of businesses
- Appreciate the short- and long-term impact of attacks on business
- Differentiate between government and corporate responsibilities in response to terrorism
- Use standard risk analysis methodologies to provide the basis for terrorism risk mitigation
- Select from a range of commercial intelligence sources
- Devise a counter-terrorism vulnerability assessment as part of an overall corporate protective strategy
- Select from a range of physical protective measures and state the minimum requirements for an internal refuge area
- Explain the characteristics of an explosion and identify ways to create physical resilience in buildings; recommend and produce a graded system of alert states and measures
- List the key requirements for creating operational redundancy, robustness, resilience and business continuity through a terrorist bomb attack

Venue

Thames Valley, UK. If required we can arrange a special bed & breakfast rate at the training venue.

Accredited by Skills for Security, the UK skills and standards setting body for the Security Business Sector
