Security Management Stage 3
Muscat, Sultanate of Oman

Background

This programme is designed to enhance Security Managers' ability to formulate security policy and manage security programmes at a regional and/or strategic level. Great emphasis is placed on broadening delegates' contribution to their organisation's security risk management strategy.

It is assumed participants have already attended Security Management Stage 2 (or equivalent).

This course is Skills for Security Accredited and forms the second part of the pathway towards the University of South Wales MSc in International Security and Risk Management (Masters Degree)

This course encompasses a security management project, which is designed to provide a realistic context in which delegates undertake a comprehensive analysis of the existing and future strategic challenges facing a notional company. The delegates are required to make recommendations on how the company can mitigate the risks whilst addressing the needs of company stakeholders in a balanced manner and simultaneously ensuring that corporate interests remain paramount.

MSc with the University of South Wales

Precept Management Consultancy, P.O. Box 255, P.C. 112, Sultanate of Oman
Tel: +968 24497123, Fax: +968 24497222, E-mail: precept@omantel.net.om
Website: www.preceptmanagement.com

Clients who complete the Security Management Stages 1,2 and 3 can then go on to complete a Masters degree on a distance learning platform through our sister company, Perpetuity Training Academy, in collaboration with the University of South Wales (USW).

The MSc International Security and Risk Management develops and enhances critical theoretical knowledge, security management skills and understanding in an area which presents significant demand for professionalization worldwide. This Masters programme is delivered through online distance learning. Gain valuable interaction with others on the course through a specially designed online learning platform, which includes virtual forums and discussion groups.

Supported by course tutors from both Perpetuity Training and USW, students will be enrolled directly with USW and will have full online access to the University library.

Each completed ARC Training Security Management Stage gains university credits towards the full MSC. Upon completion of all three stages, delegates can apply for a total of 80 credits from the 180 credits required for the full MSc. If awarded, learners will be exempt from the three modules and will receive a discount from the course fee.

Duration: 1 year full time or 2 years part time
Delivery: eLearning

Who Will Benefit

This course is designed for security managers, co-ordinators and their equivalents, who wish to gain a thorough understanding of how to manage security within a corporate environment.

The Company

The ARC Training International Academy for Security Management is the UK's leading provider of security management training courses and probably the best-known international security management training company in the world - since its creation in 2000, delegates from no less than 100 different countries have attended ARC Training courses in the UK and at various locations across the globe.

ARC Training clients include all five leading UK and US multinational companies. Delegates from almost all business sectors have studied with ARC. These include: the automobile industry, aviation and aerospace, construction, higher education institutes, the financial sector, insurance and banking sectors, government and government-associated agencies, police, leisure and hotels, logistics and transport companies, manufacturing, media, oil and gas and extractive sector companies, pharmaceutical companies, property management, retail, security companies, the service sector, telecommunications and utilities.

ARC has conducted programmes extensively throughout the Middle East and clients in the Region have included RasGas, Saudi Aramco, Saudi Arabian Monetary Agency, Saudi Petrochemical, SABIC, Saudi Electricity, Bahrain Telecommunications, ADGAS, Kuwait Oil Company, Sultan Center Kuwait, Burj Al Arab, Jumeirah International, Emirates Towers, Madinat Jumeirah, Wild Wadi Water Park, Grand Hyatt Dubai, Kempinski Hotel Mall of the Emirates, Burjuman, Emirates, Al Bustan Palace Hotel, Intercontinental Hotels (Muscat, Abu Dhabi, Amman, Cairo & Nairobi), Dubai Aluminium, Shuweihat O&M LP, Tawam Hospital, Oman LNG, Petroleum Development Oman, Oman Gas, Royal Oman Police, Oman Waste Water, SOCAT, Bank Muscat, National Bank of Oman, United Finance Company, Central Bank of Oman and Telenor Pakistan.

ARC has also conducted several open programmes in Cyprus and clients include Cyprus Petroleum Storage, Lanitis Development, Laiki Group, Hellenic Bank, Bank of Cyprus, Ministry of Justice & Public Order and the Ministry of Communication & Works (CYTA).

All ARC trainers are leading practitioners in their respective fields and bring to the training environment many years of experience, both in the UK and overseas. As a minimum qualification, the full-time members of the security management training team are all CPP-certified, ensuring not only professional competence, but also that the ARC Training International Academy for Security Management adheres to the strictest codes of conduct within the industry.

Presenter Profile

Malcolm Taylor, Cert Ed

Malcolm is a Security Management Consultant and Trainer with considerable security and training experience in both the UK Public and Private Sectors.

Following a career in the Royal Navy, he trained and developed newly appointed Police Officers in preparation for operational duties. His training and coaching skills were further utilised in the NHS where he delivered the accredited Foundation Level Security Management and Counter Fraud Programme to aspiring Security Managers and Counter Fraud investigators

Prior to his move to the commercial security sector, he was Head of a Regional Counter Fraud team, where he managed and coordinated complex investigations. Within the commercial sector, Malcolm was Head of Security for a global Food Manufacturer. He has also spent time in the Middle East delivering a security related government funded programme in the UAE

A highly motivated training and development professional with a proven ability to enrich the learning experience through excellent communication and interpersonal skills.
