

CERTIFIED BLOCKCHAIN ARCHITECT

About The Certification

The Blockchain Architect track comprises three courses that develop skills in Blockchain functions, architectural models, technology and security. The final course module consists of a series of lab exercises that require participants to apply their knowledge of the preceding courses in order to fulfil project requirements and solve real world problems. Completion of these courses as part of a virtual or on-site workshop results in each participant receiving an official Digital Certificate of Completion, as well as a Digital Training Badge from Acclaim/Credly. To achieve the Blockchain Architect Certification, Exam BC90.01 must be completed with a passing grade.

A Certified Blockchain Architect understands the business value and technology architecture behind Blockchain, as well as the inner workings of Blockchain technologies and solutions. In addition to a proven understanding of the distributed ledger, immutable data storage and consensus processing, a Certified Blockchain Architect has proficiency with Blockchain architectural models, distributed ledger co-existence models and Blockchain security threats and counter-measures.

Core Modules

Blockchain Module 1 – Fundamental Blockchain

This module provides a clear, end-to-end understanding of how blockchain works. It breaks down blockchain technology and architecture in easy-to-understand concepts, terms and building blocks. Industry drivers and impacts of blockchain are explained, followed by plain English descriptions of each primary part of a blockchain system and step-by-step descriptions of how these parts work together.

Fees for Blockchain Module 1 Only: ~~US\$ 198~~ US\$ 99

Blockchain Module 2 – DevOps in Practice

This module delves into blockchain technology architecture and the inner workings of blockchains by exploring a series of key design patterns, techniques and related architectural models, along with common technology mechanisms used to customize and optimize blockchain application designs in support of fulfilling business requirements.

Fees for Blockchain Module 2 Only: ~~US\$ 198~~ US\$ 99

Blockchain Module 3 – Blockchain Technology and Architecture Lab

This module presents participants with a series of exercises and problems that are designed to test their ability to apply their knowledge of topics covered in previous courses. Completing this lab will help highlight areas that require further attention and will further prove hands-on proficiency in blockchain technologies, mechanisms and security controls as they are applied and combined to solve real-world problems.

Fees for Blockchain Module 3 Only: ~~US\$ 198~~ US\$ 99

For Certification

If you are keen on obtaining a Certification, we recommend you purchase the Blockchain Architect Certification bundle as the bundled pricing works out cheaper than buying Modules individually. The bundle includes all the 3 modules. The purchase of this bundle gives you access to a 1 year subscription.

Fees: ~~\$297~~ US\$ 237.60

The Blockchain Architect track comprises three courses that develop skills in Blockchain functions, architectural models, technology and security.

1. Blockchain Module1: Fundamental Blockchain
2. Blockchain Module2: Blockchain Technology & Architecture
3. Blockchain Module3: Blockchain Technology & Architecture Lab

Completion of these courses and the Blockchain Architect Certification, Exam BC90.01 with a passing grade results in each participant receiving an official Digital Certificate of Completion, as well as a Digital Training Badge from Acclaim/Credly.

Blockchain Architect Certification Exam BC90.01

This is a purchase of the Blockchain Architect Exam BC90.01. To take this exam you should have completed the following modules:

1. Blockchain Module1: Fundamental Blockchain
2. Blockchain Module2: Blockchain Technology & Architecture
3. Blockchain Module3: Blockchain Technology & Architecture Lab

Fees: US\$ 249

The Company

EZY skills is an Australian based online Learning Academy. The mission of EZY skills is to provide world class online learning courseware at your fingertips.

EZY Skills is an Affiliate of Inspiring Projects and is authorised to sell accredited Inspiring Project courses to the domestic and “exclusively online” to the international market.
