

Security Management

BTEC Level 4

Why this course?

This security management training course is an essential exploration of the key ideas, techniques and concerns at the heart of professional security management today. Successful learners will leave with a BTEC Level 4 Award. This is an internationally-recognised qualification, supporting your career development and promotion opportunities. Past learners of this course have gone on to complete other qualifications to further their career, and to boost credibility in this competitive industry.

During the course, you will cover a comprehensive look at the responsibilities, resources and skills that are central to providing effective security management. From identifying issues, understanding theories about risk, and isolating causes and prevention of crime, this qualification in security management is the ideal course for anyone wishing to develop their career in the security industry.

Assessment for this security management training course is based on completion of the course workbook, which is used to support a written assignment which is completed post-course. Because there is no exam to sit, you can take your time to consider the best way to complete the coursework.

You will receive support during the course, and our academic team can provide additional support should you need it after the training. This means that when you sign up to train with us, we are with you for the whole journey, ensuring you receive the highest quality support and guidance.
