

Security Institute Advanced Diploma In Security Management - Online

IQ Level 7

Introduction

This training course is proudly delivered in partnership with the UK's Security Institute and is now available for booking throughout the year so simply book your place, pay and get started.

Set at Masters level, this online course provides learners with the opportunity to research, analyse and explore a specialist area of their own choosing within the security management sector. It covers core theory with accompanying methodologies and equips learners with the skills to think critically – a much sought after skill for today's security professional.

From looking at core texts with a critical-eye, to extracting theory from best practice through to developing specialist knowledge in a niche area, this online course takes the study of Security Management to a very advanced level.

Who will benefit?
