

Security Institute Diploma In Security Management - Online

BTEC Level 5

Introduction

This training course is proudly delivered in partnership with the UK's Security Institute and is now available for booking throughout the year so simply book your place, pay and get started.

The Diploma course gives you a broad understanding of how security theory works with best practice information. Designed to add a formal qualification to some existing knowledge, you will learn how to form successful security initiatives in the workplace.

Learners will explore a host of theoretically founded concepts, from your own ideas and experiences to scenarios related to the workplace, identifying issues and understanding ideas about the risks, to causes and prevention of crime.

This course is designed for all who have experience in security management and who now wish to achieve professional recognition and gain an accredited security qualification.

Who will benefit?

Designed for all who have experience in security management and now wish to achieve professional recognition and gain an accredited security qualification.

The Diploma assists with gaining full Membership of the Security Institute and subsequently the entitlement to use the letters MSyI after your name (subject to normal application and validation approval).

People who have previously taken the qualification include security managers, health and safety managers, police, fire service personnel and members of the armed services.

Core Modules

- Understanding Security
- Threats to Security
- Risk Management
- The Legal System
- Management
